From the Factors accounts which were audited and docquited this day it appears that the funds of the trust have now accumulated to £3,000 of principal, and that at the term of Martinmas last the accrued interest amounted to £50, and from a State now exhibited it appears that at Whitsunday next the interest will amount to £100. Mr Ogilvie stated that in consequence of this he had at the end of last year paid the preferable annuities amounting to £20 as for the year 1827. Of this the meeting approve, and as the funds are now sufficient for the other purposes of the mortification, the trustees appoint that the annual interest after deducting the before-mentioned preferable annuities of £20, and the annual expense of management shall be applied to the maintenance and education of the persons appointed

3

pointed out in the trust Deed- that the annual payments to each individual shall be made by two equal instalments on the first day of June & first day of December yearly, beginning the first payment on the first day of June next for the half-year following that date, and so on half yearly thereafter.

The draft of an advertisement desiring applications for the benefit of the fund to be made to John Ogilvie and Son on or before the 1st day of May next was produced to the meeting and appointed to be inserted twice in the Dundee Advertiser, and once in the Dundee Courier in alternate weeks.

The trustees agree to meet within John Ogilvie and Son's Office on Wednesday the 2d day of May at 11 Oclock forenoon for the purpose of deciding on the applications that may have been lodged.

At a Meeting of the Trustees of the late
Mr James Puller Baker in Dundee
Present Messrs Andrew Reddie
& Walter Newall
& James Ogilvie the Factor

The Factor stated that the Earle of Leven
& Melville had purchased the Estate of New Gilston
over which the Trustees had a Bond for £1500, and
as he wished the money to continue a Burden on the
estate, he has agreed to grant a Bond of borrow-
-ation

Corroboration for that sum but will only allow interest at the rate of four per cent after Whitsunday next— That the Dundee Sugar Refining Company had intimated they would only allow interest at the rate of four and a half per cent on their debt of £1000 from Martinmas last— and that Mr Ducat expected a reduction of interest on his debt of £500 to 4½ per cent after Whitsunday last

To these respective reductions the Factor had in the meantime agreed on behalf of the Trustees subject to their subsequent determination

The Factor laid before the meeting a state of the Revenue of the Trust at the reduced rate of interest from which it will be seen the income to the Annuitants will be diminished, as under

State of the Revenue of Mr Pullar's Trust for the year ending December 1830—

The Factor states to the meeting that Agreeably to the instructions of the Trustees formerly received he had lent to Wm Alex Macdonald Clerk in Dundee £600 Sterling of the Trust funds over his property in the Burgh & Libunds of Dundee of which the Meeting approves. -

The Factor further states that he has been applied to by Wm John Ross Farmer at Blacknes for a Loan of £250 Sterling over his property of Bellhea part of the Lands of Burnbrae Lochee consisting of a large dwelling House & nine acres of grass that there was already £600 secured over the property - The Meeting considering the security ample agree to make the advance & desire Mr Ogilvie to prepare the necessary securities

Sederunt of the Trustees of the late James Pullar Baker in Dundee 23 Nov. 1831.

The Factor laid before the Meeting his Letter book containing the copy of a letter which he had written to Mr Peddie on the subject of a loan to Mr John Peter & renewing a Note by Mr Ducat and others to the Trustees of which the following is a copy.—

Dundee 28 Oct 1831

Dear Sir

I told your friend Provost Brown that I would be glad to have a few minutes conversation when you came to town — Mr John Peter at Keithock proposes to borrow £500 or £600 — on the securities of certain houses in Dundee which are rented at £48 per annum — These were exposed at the upset price of about £650 and might therefore appear rather little for £600 loan But Mr John Ramsay Merchant in Dundee is to join for the regular payment of the Interest at 4½ per cent — The money to be for four or five years certain after Marts next Mr John Ramsay Consider to be in very good circumstances & the bound only for the Interest it is almost the same as if he were bound for the principal — There is £650 of Mr Pullars money lying in the Bank at three per cent & I shall be glad to learn if you are agreeable to lend £500 or £600 of this money to Mr Peter. —

There was £500 of the Trust funds lent to Mr William Ducat upon a Promissory Note by him, Messrs John Gray & William Gray Merchants in Dundee, Mr Thomas Smith Farmer at Haughs of Kinnaird, Mr Thomas Gray Merchant in Montrose and the late Mr John Steele Merchant in Forfar — In consequence of Mr Steeles death his family wish to get up his name from the Note

and Mr Dallas proposes to renew it by all the other parties I should consider the money would be safe enough, but I will ~~consider~~ require the Trustees sanction to the change — I hope to hear from you in the course of a few days meantime I remain &c.

(Signed). Jas Ogilvie

Mr Ogilvie also laid before the Meeting Mr Reddies Answer of which the following is a copy —

Bankhead 11th Nov. 1831.

Dear Sir

I received yours of the 28th Ult.o and 8th instant: in regard to Mr Dallas Trust. if the other Trustees are satisfied as to the security I am of opinion it is quite satisfactory — I have to apologize for not answering your letter earlier

and I am &c

(Signed) A Reddie —

The Meeting having considered the foregoing Correspondence, they agree to lend Mr Peter Six hundred pounds on the proposed security for five years from Marts last. They appoint a Search of the Register of Seisins from the time that Mr Peter acquired right to the ~~the~~ property from his brother James which was in 1816, but in consequence of Mr John Peter & Mrs Ramsays Circumstances, they consent any other Search unnecessary — they also agree to renew Mr Dallas Bond as proposed being satisfied with him & the other obligants, without Mr Steele —

A letter from Mr. John Peter wishing the Trustees to relieve The Trustees of the late Mr. John Ramsay as collateral securities on his Bond was read to and laid before the meeting of which the following is a Copy.

Dundee 5th May 1848

To the Trustees of the late Mr. Pullar

Gentlemen,

It was my intention agreeable to the offer of the Trustees sometime ago to have paid you £200 of the Bond p. £600 over my Property but from

from the loses I have sustained since that period it has been out of my power to do this and the Trustees of Mr. Ramsay are threatening legal process against me to compel it immediately as they intend throwing the Convenor of the Trust into the Court of Session - this would bring on heavy legal expenses against me which I must by all means in my power endeavour to avoid - Would you accept my son David as Collateral security for the Interest in the place of Mr Ramsay and your Agent to collect the rents should the Interest not be paid regularly at the term but since I have heard this morning that the Interest had never lain over unpaid for a day and was paid even without calling for it. Besides my intention still is to pay up the £200 as soon as I recover myself a little to enable me to do so.

I will also allow your agent to collect the rents or Mr Batchelor will do it and them to in the Bank to payment of the Bond over paying the Interest

Your compliance will much oblige

Your mo: obedt. servant

(Signed) John Peter Senr

P. S. Since writing the above I have received a very threatening letter from Mr D. McLachlan to lay an attachment on all my Heritable Property wherever situated in Scotland & by that I will be rendered powerless this is a very harsh measure for so small a matter -

With a little assistance from a Friend I will be able to make up £100 on part payment of the Bond at present and to allow the Rents commencing at Martinmas nexct to go towards payment of the Bond to such an amount as the Trustees shall consider safe to remain on the Security of the Property to enable me to be relieved from Ramsays Trustees at this time and prevent the necessity of further legal proceedings on the part of Mr R's Trustees

(Signed) John Peter Senr

On considering which the meeting unanimously resolved to adhere to their former resolution come to at Meeting held on 16th December 1846 with the addition of Wm David Peter his son as collateral security.-

The meeting then proceeded to elect a standing committee for general purposes when the following Gentlemen were unanimously elected Viz.t Convener Spankie, William Brown and William Gibb from the Trades - and the Revd James Cæsar Messrs Peter Thoms and John Bell from the Kirk Session three to be a quorum and Wm Spankie Convener of Committee. The meeting unanimously resolved that the two General Meetings appointed to be held by Minute of 29th October 1846 be so on the second Thursday of June and December respectively so as to embrace the old terms when a more concise state of the finances could be exhibited than at the new terms

The clerk stated that having received a letter from Mr John Peter in terms of last minute he sent the requisite Papers to Messrs Shaw Reid & M'Lachlan Agents for Ramsays Trustees in order to prepare the Discharge which was afterwards revised and now returned on the Requisite stamp for signature and which was laid before the meeting; he further stated that he had given in the Assignation of Peters Bond by Mr Ogilvie to the Trustees to be recorded in the Burgh Register of Sasines which was absolutely necessary to complete the Trustees Title to the Bond or to enable them to Discharge the same and he recommended that the assignations to the other Bonds should likewise be recorded as there was no real vested right to them till such was done. The clerk further laid before the meeting a Draft of the Bill or Promissory Note to be taken from Mr David Peter and the relative Back letter to be granted by him which being considered by the Meeting were approved of; But as the Discharge proceeds on the narrative that the parties in right of the Bond have been requested to grant the same by the Trustees the meeting resolved to call a General meeting of the Trustees to lay the whole matter before them and get their sanction to call upon the Parties in right of the Bond to execute the Discharge – and the clerk was instructed to call a General Meeting for Monday first at one o'clock.

The Committee then took up the various applications lodged for admission to the Benefit of the Funds and after setting aside Several Claims lodged

"

lodged in the year 1843 and previous years having no particular information of the existence of the claimants or their circumstances at this date and having carefully considered the whole claims they unanimously recommend for the favourable consideration of the General Meeting to be held on Thursday first the following claims viz.t

Agnes Paterson or Bennet Sister of the late John Paterson - her Mother being a full Neice of the Mortifier

Mrs Ann Brand or Ferguson a Great Grand Daughter of John Pullar of Haugh Muir Father of the Mortifier

Isobel Stewart or Matthew whose Mother was a Neice of the Mortifiers

Elizabeth Annet or Adams whose Grandfather was a Brother to the Mortifier

There are three applications on behalf of Bursars none of whom are particularly known to the Committee and they therefore express no opinion on these claims. -

The Half yearly sum for Division shows £2. 12. 4 to the full number of Bursars and Annuitants entitled to Participate in the Fund but the Committee recommend that £2. 10/- only be allocated to the claimants respectively the difference to be lodged in the Bank for Contingencies. -

The Committee considering the increase of Duties and trouble devolving on the Clerk in comparison with the Duties required from the late Clerk Mr Ogilvie - That the amount of cash passing through his hands is considerable and having had to find security for his intromissions to the extent of £300 they unanimously recommend that his Annual Salary from and after Martinmas last be Ten Guineas in place of eight as at present and which shall be held as payment for

The Clerk reported that in terms of last Minute he had communicated with the Representatives of the late Alexander Mc Donald being two Daughters one of them the wife of James Flanagan Greenmarket and the other unmarried and in a situation in London - he had written them and had several personal interviews with Mrs Flanagan and her husband who after various delays - founded mainly on having got no account of the intromissions of the late George Robertson with the rents and funds of their late Father - and ultimately he had reason to believe they did not mean to interfere in the matter as they would give no definite answer to his requests - He also laid before the meeting a state of the rental amounting to Fifty one pounds eighteen shillings and six

six pence yearly and after deducting the Feu duty and Interest showed a surplus of Fifteen pounds eleven shillings - He could not ascertain the state of Mc Donalds Trust affairs farther than a statement that the late George Robertson was considerably in advance for the Trust. - The Meeting after due deliberation resolved to afford the Representatives of Mc Donald another opportunity of complying with the request made on them and appointed the Clerk and Mr Samson to wait personally on them and if unsuccessful then the requisite forms in the Bond to be complied with and as the Tenants were likely to pay their rents the meeting considered it unnecessary to resort to legal steps to secure them in the meantime but with power to the Clerk to secure the rents if such shall be found necessary. -

The

The Minutes of the last General meeting being read, the Clerk explained that shortly after the date of it, he had an opportunity of meeting with Messrs Lyne Cowan & Adamson to whom he mentioned the subject of the rate of interest on their Bond, and they agreed to pay 4½ per cent until a general reduction again took place on the rate of Interests on Bonds, he also stated to the meeting that on applying to Mr David Peter to be informed who were the representatives of his late Father, and if they would be inclined to dispense with the formalities required by the Bond, in calling up the money were such decided on. Mr Peter called and explained that the heir at law was a Brother in London to whom he would write on the subject if the Trustees would not consent to allow the Bond to remain which he would very much prefer, in consequence of the way in which his Fathers Estate presently stood - that he considered the security amble, and there was a sum from the Rents after paying the Interest deposited annually in a general Account Kept for the Widow and representatives of his late Father; and he exhibited a State taken from Mr Shepherd the factors books shewing the Annual Rents to be £49 and after making allowances for expense of management doubtful Rents &c the sum recovered to be £35. 18/6 for the last year, which State was laid before the meeting.

A Letter from Mr Rogers the Agent employed in Edinburgh in reference to getting the quorum under the deceased's Settlement reduced, was read to the meeting, wherein he states, "that having the Petition in proof to be thrown off as it might be revised by Counsel and on waiting on him thereanent, he had intimated that though he had at first thought the Petition might be ~~sustained~~ entertained by the Court. he had now satisfied himself that the

the application was incompetent and that nothing short of an act of Parliament could effect the remedy contemplated and in these circumstances he thought it better to lay the subject before the Trustees than run the risk of incurring farther expense and have the Petition rejected

He also laid before the meeting an Account of the Rents received from Mc Donalds property up to this date showing a surplus after paying the Interest on the Bond ~~of~~ and expense of collection of £13.13/10½ ; also a Letter from a Peter Pender in Liverpool a Brother of James Pender a Bursar on the Funds, enclosing a Certificate from a Schoolmaster in Montreal of the regular attendance of the Bursar at School who had gone out there along with his Father and soliciting that he might be continued on the Fund

The Meeting after due consideration of the several subjects before set forth, agreed to refer them for the consideration of the General Meeting to be held on Thursday first - and appoint the Clerk in the meantime to make enquiry as to the Policy of Insurance over Peters Property and to have the same endorsed in name of the Trustees -

The Meeting also considering the small surplus rent recovered from Mc Donalds Property and that the Trustees are now in a Position to sell under the Bond, recommend that the Sale be proceeded with. The Clerks Books and Accounts were carefully gone ~~after~~ over with the Vouchers and docqueted as correct
